

REMANUFACTURED VEHICLES

Revitalise Your Fleet, Realise Its Value

DENNIS EAGLE LTD
DESIGNED WITH YOU IN MIND

Maximise Your Original Investment

Dennis Eagle is the only UK refuse vehicle manufacturer to offer a comprehensive re-manufacturing service. Focused entirely upon the individual needs of each customer, we completely rebuild vehicles from the chassis to the paint-work, using the same qualified, fully trained Dennis Eagle technicians and original equipment as we use on our new models.

Whether it is to satisfy a short-term contract or solve a resource issue, Dennis Eagle will listen carefully to the problem, design a tailor-made service and deliver a first class vehicle that won't let you down.

Why Remanufacture?

Ideal as spare-support vehicles or for green waste, household and recycling collections re-manufactured vehicles put years on the life of your fleet and we guarantee plenty of life in those years.

Re-manufacturing gives you the choice and flexibility to increase your fleet's residual value and maximise your original investment. It also gives you the option of replacing unreliable products with proven Dennis Eagle equipment.

Remanufactured Vehicles

Re-designed...

...with you in mind. Whether you want to remanufacture an existing vehicle or choose from our extensive range, we offer unbeatable specification tailored to your needs. Presentation and finish are paramount. Supplied in your own livery, your vehicle will look and feel like new.

Reassured

All vehicles are quality assured, specified in line with the latest health and safety legislation and supplied with 12 months MOT. Where required, vehicles are CE compliant and all bin lift equipment is supplied with LOLER certification.

Renowned

A growing percentage of our business is repeat business. This speaks volumes about the quality of the vehicles and standard of service we deliver. Just ask to see some of our testimonials, they speak for themselves.

Respected

As the largest and most respected brand in the business, you can be confident of a professional service delivered by an experienced and highly qualified team.

Reliable

All vehicles are delivered with three-month parts and labour guarantee. Certain parts, such as the hydraulics for example, are guaranteed for two years, although full warranties are also available.

Realistically Priced

If you've just replaced a gearbox, you don't want to do it again. Dennis Eagle offers menu pricing for the re-manufacturing of each individual vehicle to keep costs under control. Re-manufacturing not only extends a vehicle's life it also reduces maintenance costs.

Refreshing

Our approach to after-sales service is the same for remanufactured vehicles as for new ones. Should a failure occur, a single phone call will ensure a prompt response from our dealer network.

Reaction and Response

“We are currently operating two Dennis Eagle Remanufactured refuse vehicles and the performance of the vehicles and the Service Support Teams are above our expectations for service provision. The operation of these vehicles is also impacting on the expenditure of the Refuse Collection in a positive way. Spot hire of RCVs has been reduced since the acquisition of the two remanufactured vehicles, which gives us an overall reduction in costs.”

Ken Graham

Transport Manager

Enfield Council

“We have been very pleased with the two Dennis Eagle Remanufactured units for our recycling operation. So much so we have ordered another two units for this year.”

Fred Downes

Transport Manager

Havant Borough

“We have just taken delivery of another Dennis Eagle Remanufactured vehicle. Wyre Borough Council has cut the cost of a new refuse truck in two by ‘recycling’ an old dustcart for green waste collection for neighbours Blackpool. The vehicle was as good as new but ‘half the cost’ after going through the remanufacturing process including a refurbished engine and gearbox”.

Alan White

Head of Operations

Wyre Borough Council

“I have been running Dennis Eagle remanufactured vehicles for some time now and have been very pleased with the performance”.

John Ranaghan

Transport Manager

Corby District Council
